$25,000 LOSS WHEN LIGHTNING FIRES BIG BARN AT CROSS KEYS

Fire caused by a bolt of lightning during the first of several showers Thursday evening about 8:35 o'clock, demolished a large barn and an implement shed and burned the roof and siding from a tile silo on the farm of Samuel Batterman, one-half mile south of Cross Keys, on the Hanover-Carlisle Pike.

Five fire companies and nearly 100 firemen battled the stubborn blaze which was fed by several hundred bushels of wheat, straw, and a large amount of baled hay stored within the gutted 40 x 80 structure.

This morning, after 13 hours and despite late evening showers, the New Oxford pumper was still spraying water into the charred, smoldering ruins.

2 Hogs Burn, Cattle Saved

Guy Staub Sr., assistant New Oxford fire chief, estimated that the barn and its contents would continue to burn for the next several days. He said fire equipment from the Abbottstown, Irishtown, McSherrystown, and Conewago companies—as well as two pieces from New Oxford—responded to the call.

Two hogs, under a grain storage partition between the burning barn and a newly constructed hog pen, were burned to death, but neighbors succeeded in leading to safety seven young cattle in the barn at the time of the fire. Other dairy cattle were in the fields and were milked out-of-doors this morning.

Firemen reported that Mr. Batterman was working in the hog pen and Mrs. Batterman in the main barn when the bolt struck. Shortly thereafter, when the rain slackened, Mr. Batterman said he walked into the yard and discovered a portion of the barn afire.

Rains Helped Check Spread

He called his wife from the barn, notified the New Oxford Fire Department, and with the aid of neighbors evacuated the endangered livestock.

The new hog pen was saved, but other machinery, a silo cutter, and a wagon was also consumed in the fire.

Fire fighters said that had it not been for the rains the fire might have spread to the hog pen and surrounding buildings.

Batterman estimated the amount of damage at $25,000.

RUNAWAY TRUCK IS STOPPED IN TIME BY YOUTH

A 15-year-old McSherrystown youth brought an out of control dump truck to a halt Thursday morning at 10:15 o'clock just before it would have plowed into a home.

State police said Kenneth Noel, 18, 635 Main St., McSherrystown, son of the former New Oxford police chief, had unloaded ashes and refuse in a Pigeon Hills dump and was headed back along a legislative route three miles north of Hanover to reach the Cross Keys-Hanover Rd. and thus return to Hanover for another load of debris.

With Noel was a younger brother, Robert Noel, aged 15.

Breaks Off Pole

As the young men explained it to the police, another dump truck was headed from Hanover to the dump, and Kenneth Noel pulled his truck to the side to allow the other vehicle to pass.

The unloaded truck struck a stump and the rear bounded into the air and against a United Telephone pole, breaking it off and causing $75 damage.

Kenneth Noel at the same time was thrown out of the cab, suffering abraisions of the left shoulder and cuts of the left palm and knee. He was treated later by Dr. Anthony Tananis at McSherrystown.

With its driver thrown out, the truck went through a fence at the property of Mrs. Mary Anthony, Hanover R. 3, breaking down a tree and tearing out a flower bed. As the truck rolled into Mrs. Anthony's yard, Robert Noel threw himself across the seat and tugged the emergency brake in an attempt to stop the runaway vehicle.

He succeeded just as the bumper of the truck almost touched the house. Damage to Mrs. Anthony's property was estimated at $150. Damages to the truck were estimated at $10.

FIREMEN LEAVE AT 6

G. C. Murphy Company Honors Miss Furney For Long Service

Miss Martha A. Furney, 26 Lincoln Square, head office clerk for the G. C. Murphy Co., this morning was honored by employes and officials of the firm on the occasion of her 25th anniversary with the Gettysburg department store.

A group of nearly 50 persons, assembled in the store's basement lounge, was on hand to see C. O. Schweizer, store manager, present Miss Furney with a quarter-century certificate signed by J. S. Mack, president of the G. C. Murphy Co. Also present was W. W. Morriss, area superintendent.

Miss Furney, eldest employe in point of service here, began her employment at Murphy's August 20, 1929. Two days later the store was officially opened to the public. Since that time, she recalled, the store has been enlarged and redecorated "at least three times."

Her record is pointed to as an object lesson in diligence by company officials. Starting as a counter sales-girl, she rose to cashier and is now in charge of the firm's bookkeeping department.

"It's been a short 25 years," she said after company officers presented her with a gold Hamilton watch, a box of candy, 25 red roses and several congratulatory letters. As one of the benefits of membership in the Murphy "Silver Anniversary Club," Miss Murney said she now receives five weeks vacation with pay each year.

In the quarter-century of her service at the 15-31 Baltimore St. store, she "guessed" the most notable advancements were made in employe salaries and in the diversity and increased quality of stock.

Miss Furney is shown receiving the wrist watch and congratulations from Manager Schweizer. (Gettysburg Times Photo).

WETZEL RITES SATURDAY

Members of the Holy Name Society of St. Anthony's Catholic Church, near Emmitsburg, will meet this evening at 8 o'clock at the home of Henry Russell Wetzel, near Emmitsburg, to recite the rosary. Mr. Wetzel died suddenly Wednesday night of a heart ailment. The funeral will be held Saturday morning with a requiem mass at St. Anthony's Church at 8:30 o'clock. Mr. Wetzel's first name was reported incorrectly Thursday as being Harry.

6 COMMITTEES FOR COUNTY CCS ARE APPOINTED

At a meeting of the Executive Committee of the Adams County Crippled Children's Society Thursday evening at the home of Dr. Howard S. Fox, society vice president, committees for the year were announced by President Russel S. Hackman.

Therapy treatments at the Warner Hospital were authorized for a young county girl who has had an arm paralyzed since an auto accident injury several years ago. Treatments at the hospital here were begun in the spring and she is showing marked improvement, the society has been told. The society will pay for half of the treatments to be given twice weekly.

The committee also ordered $7 paid toward a pair of shoes for a crippled girl. Her mother is paying $5 on the bill.

List Of Committees

These committee assignments for the year were made by President Hackman:

Easter Seal: Dr. Fox, chairman; Wilbur Bankert, Mrs. Elizabeth Pennington, Miss Mildred Eden, Miss Elizabeth Evans, Miss Bettie Livermore, Mrs. J. E. Codori and Dr. Frank Britcher.

Program and Planning, J. D. Miller, chairman; Attorney Edward B. Bulleit, Mrs. Brenda Walker and Dr. Raymond F. Sheely.

Finance, Rev. A. W. Geigley, Miss Evans, Mrs. Joseph Bushey and Mr. Bulleit.

Annual meeting, Mrs. Pennington, George F. Eberhart, Miss Margaret McMillan and Mrs. Ralph D. Heim.

Special Project, Dr. Clarence Bartholomew, Walter Dillon, Miss Eden and Miss Virginia Wright.

Publicity, Hugh C. McIlhenny, Miss Livermore and Mrs. Henry T. Bream.

Attending Thursday's meeting in addition to President Hackman and Dr. Fox were Miss Evans, the treasurer, and Mrs. Verna Myers, board secretary.

KDR FRAT HOLDS CONVENTION ON LOCAL CAMPUS

Kappa Delta Rho, national social fraternity, is holding its 43rd annual national convention on the Gettysburg College Campus today, Saturday and Sunday with delegates representing chapters from coast-to-coast in attendance. The Gettysburg College Pi Chapter of the fraternity is serving as convention host.

Highlight of the meeting will be the convention banquet to be held Saturday night in the college dining hall. Lloyd S. Cochran, chairman of the national Intrafraternity conference, will be the chief speaker, and Atty. Horace G. Ports, York, former member of the Gettysburg College board of trustees, will serve as toastmaster. Other guests will include Dean Wilbur E. Tilberg and dean of men, Robert Fryling, of the college. Greetings will be read from Dr. Walter C. Lansgam, college president, who is unable to be present.

60 Delegates Here

Sixty delegates are attending the convention. More than 100 persons are expected at the banquet. Kappa Delta Rho officers in attendance will include national president, Dr. Robert G. Grosen, dean of men at Lafayette College; vice president O. L. Doud, Akron, O.; executive secretary Donald C. Wolfe, Stockton, N. J.; treasurer Donald G. Leach, Madison, Me.; and assistant treasurer, Walter E. Garman Sr., Towson, Md. Ports and Garman are initiates of the Gettysburg chapter, Kappa Delta Rho. Mr. Garman is a member of the Gettysburg College board of trustees.

Thrill-Killer, 18, Gets Sick When He Sees Beaten Victim

NEW YORK (AP) — Brooklyn's four thrill-killing teen-agers, once boastful about their deeds of violence, turned sick and shaken from the sight of one of their hapless victims.

The "fun" was over for Jack Koslow, 18-year-old leader of the brutal foursome. He wept when confronted yesterday with the battered, water-soaked body of a Negro victim and told detectives, "I feel sick."

It was Koslow who two days earlier had allegedly given police details of this slaying and other savage attacks of the night before. At that time he told them:

"Last night was a supreme adventure for me."

One by one the four youths were brought onto a Brooklyn waterfront pier to identify the body of Willard Menter, 34, who ran afoul of his killers in a Brooklyn park Monday night.

Police knew nothing of the slaying until after the four youths were arrested early Tuesday on an assault complaint and told of beating a man, burning his feet with cigarettes and throwing him into the East River. Police began dragging the river and yesterday recovered the body. An autopsy showed he drowned.

Menter's body was identified by his brother. The man, married and father of two, had worked in a Brooklyn factory and was last seen by his family Monday night.

Police say they have learned of nine attacks by the gang, including the death of Menter and another man, Rheinhold Ulrichson, a 43-year-old steeplejack.

The four youths are being held without bail.

PHOTOGRAPHIC SHOW OPENS TODAY AT BANK

W. L. Chambers, Dr. Max Hensley and Thomas A. Trout, all of Gettysburg, were listed today as first place winners in the three divisions of the ninth annual Gettysburg Photographic Exhibit which opened today at the Gettysburg National Bank.

Sponsored jointly by the bank and the Gettysburg Photographic Society, the show attracted a total of 158 competitive entries with the color slides division proving by far the most popular. There were more than 125 colored slides entered in comparison with 15 color prints and nine in the black and white division.

Chambers took first place in the black and white section with second place going to Elmer T. Wible, Guernsey. Third place was awarded to Richard D. Krick, Gettysburg.

Special Showings Of Slides

In the color print division, Dr. Hensley took first place. Second prize went to Thomas Trout, third to Dr. Hensley with an honorable mention to Mr. Trout.

Trout took first place in the color slide division with both second and third places going to Dr. Hensley. Honorable mentions in this section were awarded to Charles Beales, Richard Folkenroth and Dr. Hensley.

The show will be open during regular banking hours and on this evening and next Friday evening from 7:30 to 9:30 o'clock and on Sundays from 2 to 5 p.m. The show will close on Sunday, August 29.

This evening and next Friday evening there will be showings of the colored slides at 8:15 p.m. for show visitors.

Special Attractions

Extra exhibits this year include the usual non-competing display by members of the local Photographic Society. There is also a display of the York County entries in the photographic contest sponsored by Congressman S. Walter Stauffer, which were judged by the local photographic group. The winners of the Adams County division of the same contest also are on display. They were judged by the York Camera Club.

Exhibitors who had entries accepted for showing in the various divisions of the show included:

Black and white—W. L. Chambers, Mr. Krick, Lois E. Livingston of York Springs and Mr. Wible.

Color prints—Charles Beales, Gettysburg; Robert H. Busch, Gettysburg; J. Richard Heintzelman, Gettysburg; Dr. Hensley; Daniel Myers, Iron Springs; Samuel Sollenberger Sr., Gettysburg; William R. Swisher Jr., Gettysburg; Mr. Trout and Mr. Wible.

Colored slides—Charles Beales, E. L. Gottinger, Alex Chritzman, F. E. Craver, Richard Folkenroth, J. Richard Heintzelman, Dr. Hensley, Herbert G. Raab, William R. Swisher Jr., Thomas Trout and K. L. Tyson.

NAMED CHIEF OF MEDICINE

Dr. John E. Deardorff, Northumberland, Pa., son of Mr. and Mrs. Edgar L. Deardorff, Carlisle St., has recently been appointed Chief of Medicine at the Community Hospital, Sunbury, Pa.

The Community Hospital is a modern, five-story building completed three years ago through the contributions of the citizens of Sunbury and surrounding communities. The American Hospital Association recently granted it full accreditation.

Dr. and Mrs. Deardorff and four children have resided in Northumberland since 1946.

Doctor Deardorff graduated from Gettysburg College in 1939 and from Jefferson Medical College in 1943. He was a captain in World War II and was involved in the Battle of the Bulge in Europe, Germany's final desperate but futile offensive.

Thunderstorms Bring Inch Of Rain Here

August became the wettest month of the year so far when Thursday evening's thundershowers delivered a total of 1.03 inches in Gettysburg. Normal August rainfall here is only 4.01 inches and the current total is 3.82 inches.

Total precipitation by months this year at the Gettysburg weather station follows: January, 1.48 inches including over 10 inches of snow; February, 1.7 inches with only an inch of snow; March, 3.56 inches with an inch of snow; April, 3.11 inches; May, 3.49 inches; June, 0:95 inches; and July 1.54 inches. All of these months were short on rain excepting March which had an excess of a quarter inch.

Thursday night's downpours started streams running in the county that have not been flowing since May or June. Most of the earlier rains this month have been gentle showers that soaked in and provided little run-off for the streams but muddy water was running this morning in most creeks.

Leo Bushman Honored

Leo E. Bushman, Adams County game protector, will retire from active service with the Pennsylvania Game Commission on September 1, after rounding out thirty-four and one-half years' service. He officially attended his last meeting of the officers of the South-central Division at Huntingdon, Pa., at which time his fellow officers presented him with a camera. He is shown here receiving the camera from Dr. Logan J. Bennett, executive director, Pennsylvania Game Commission, and Arthur G. Logue, wildlife protection supervisor of the Southcentral Division.

Fairfield Church To Picnic Sunday

Families and friends of St. John's Evangelical and Reformed Church, Fairfield, will join in a combined Sunday School and church picnic at the Lloyd Hartman farm Sunday.

Those attending will meet at the church at 10 a.m. and leave from there as a group. Transportation will be provided for all, the pastor, Rev. Mark B. Michael, has announced.

At 10:30 a.m. a combined Sunday School and church service will be held at the picnic site. There will be a special program for the occasion, including parts by the children.

After the service will be a covered dish dinner, followed by games and entertainment for all. The picnic will be held rain or shine.

DEMONSTRATION OF EMERGENCY SILOS PLANNED

County Agent Frank S. Zettle has arranged for three silage demonstrations Tuesday for farmers who are seeking an answer to two problems—what to do with corn that was dwarfed by the drought, and how to make ensilage without constructing regular silos.

The meetings, to be held at three county farms, will stress particularly the use of trench silos but the discussion will cover generally the question of how to meet problems raised by the drought's wiping out pasture and damaging much of the corn crop.

N. H. Wooding, Pennsylvania State University extension engineer, County Agent Settle and Assistant County Agent Fred H. Attinger will be among those leading the discussion at the three farmer meetings.

To See Various Types

First in the series of three meetings will be held at 9:30 o'clock Tuesday morning at the farm of Clarence J. Waybright, Gettysburg R. D., where a trench silo with cement slab sides will be shown. The silo is filled with grass.

At 2 o'clock Tuesday afternoon a stack silo will be shown at the farm of Irvin Hostetter, Hanover R. 4, and at 7:30 o'clock Tuesday night a meeting will be held at the A. B. C. William farm, near York Springs, where both an above ground concrete block trench silo and a trench silo made by merely digging out the earth will be shown.

Zettle said today that many farmers with drought blasted cornfields are considering cutting them for ensilage but do not have the silo space for all of the corn. Cost of constructing a regular silo for the one year would be prohibitive. However less expensive trench silos have been giving good results on farms in the county, Zettle said.

Stillborn Baby Is Buried Here Today

Frances Mae Frew, stillborn daughter of Francis F. and Erma (Thomas) Frew, 234 Chambersburg St., was interred at 2 o'clock this afternoon in Evergreen Cemetery. Rev. Edwerth E. Korte, Gettysburg College chaplain, conducted the committal services. The child was born this morning at the Warner Hospital.

Surviving in addition to the parents are a sister, Mrs. Frank Jordan, and a brother, Roland, both at home; and these grandparents, Mrs. Alvida Frew, Washington, D. C., and Mr. and Mrs. Cyrus Thomas, Johnstown.

PLAN STAG PARTY

The Gettysburg Country Club will conduct a stag party Calcutta in the club house Tuesday, starting 8 p.m. A cold turkey buffet will be served.

STATE PEACH QUEEN WILL BE CHOSEN AT YORK

Six peach dessert champions will compete Saturday in a cooking contest at York for the title of "Pennsylvania Peach Queen." The six champions were chosen in county baking contests earlier this month.

The state finals will get under way at 10 a.m. in the Metropolitan Edison auditorium, York, and the winner is expected to be announced by 3 p.m. Each contestant may bake any peach dessert she desires, but under the watchful eyes of four judges.

Judges of the state contest were announced by Mrs. Frederic Griest, Flora Dale, Adams County, projects chairman for the Pennsylvania Horticultural Association which is co-sponsoring the peach queen contest with county horticultural associations and the Agricultural and Home Economics Service of Pennsylvania State University.

Judges And Contestants

The judges are Miss Louise Hamilton, extension service; Miss Lois McClosky, food editor, Philadelphia Inquirer; Miss Marian Lloyd, Pennsylvania Chain Store Council, and Mrs. Clio Reinwald, chief of home economics education, State Department of Public Instruction.

Contestants will be: Adams County—Patricia Warrenfeltz, 15, of Aspers. Berks County—Barbara Bair, 15, of Leesport. Chester-Delaware Counties—Anna Walton, 16, Kennett Square. Franklin County—Eleanor Forrester, 18, of Chambersburg. Lehigh County—Bonnie Ansert, 16, of Allentown. York County—Nancy Marsteller, 18, of Stewartstown.

The new peach queen will be crowned by W. S. Hager, acting state secretary of agriculture. This is the first year for selection of a peach queen who will represent the state peach industry at various occasions during the next year. She also will be featured at the National Peach Council convention scheduled to be held in York next spring.

Popular Entertainment Acts On Program For South Mountain Fair; Exhibit Spaces To Be Overflowing

Special entertainment at the South Mountain Fair this year will include the Billy Williams Quartet, Sunset Kit Carson and the Sons of the Purple Sage, M. LeRoy Zeigler reported at a meeting of the "Fair Family" Thursday evening at the fairgrounds near Arendtsville.

Zeigler said the Billy William Quartet will appear as the feature attraction on Tuesday, September 7, while Carson's group will be present Wednesday, September 8 and the Sons of the Purple Sage on Thursday, September 9.

The possibility of securing an aerial act of some type to present performances at the fair was discussed with Zeigler authorized to determine whether a "thrill act" can be secured in time for the fair. According to the discussion, the act would be presented as free entertainment above the central area of the fairgrounds.

Record Cattle Division

Reports of various committees indicated that "bigger and better than ever" will aptly describe the 19545 South Mountain Fair.

The largest cattle section in the fair's history is causing some problems. Reports at the meeting indicated that 70 head of cattle are scheduled for showing while permanent space will take care of only 45. Arrangements are being made for use of tents and construction of other temporary facilities to handle the expected increase in the cattle department.

Entries in the swins and sheep division have been closed, with all spaces filled already. An attempt is to be made however to determine if any temporary space can be set up to allow more entries.

In addition to the cattle being placed by farmers throughout the section, County Agent Frank Zettle reported that between 20 and 25 4-H club steers and eight dairy calves will also be on display.

Judges Announced

County Agent Zettle announced judges for various events. John H. Fogel, assistant county agent for Cumberland County, will judge general livestock and dairy cattle; A. C. Hug, assistant York County farm agent, farm crops and vegetables; John U. Ruef, of Pennsylvania State University extension department, fruit and honey; H. S. Sloat, assistant Lancaster County farm agent, flowers, and C. O. Dossin, Penn State University extension specialist, poultry.

A special feature for the horse show on Saturday, September 11, will be presentation of rodeo acts by the State Police "Dresser" horses from Hershey. George Persons, Allentown, was announced by Horse Show Chairman LeRoy H. Winebrenner as judge for that event. Approximately 80 horses will participate in the show Saturday morning and afternoon. Winebrenner said a special event of the horse show will be an "egg race" with those participating attempting to keep eggs on spoons held in their hands while putting their horses through various events.

Cooperative With C-D

At the "Fair Family meeting" the board of directors of the South Mountain Community and Fair Association voted to permit the Civil Defense officials of the county to take over facilities of the fairgrounds in the event of any major emergency in the county.

Reports on commercial exhibitors indicated that "more than $1,000,000" in farm machinery, automobiles and appliances will be on display at this year's fair.

STOLE WHILE ON PAROLE; IS BACK IN JAIL

Joseph Clarence Rupp, Newville R. 3, was returned to jail today by the Adams County court to serve out the remaining almost six months of an original 6 to 12 months sentence on a charge of stealing a truck and driving without the owner's consent.

Rupp had been placed on parole last September 21 after having served six months and four days of the original sentence. In court this morning Probation Officer Delroy M. Anderson said Rupp had stolen $200 from his family during his probation but that the family had been afraid of him and did not report the matter. Rupp admitted to taking the money, and the parole was revoked.

William Yingling, Gettysburg R. 4, was placed in jail until he pays the costs on an assault and battery charge.

Gets Suspended Sentence

Raymond J. Klunk, 23 Fulton St., Hanover, was given a suspended sentence on a charge of failure to stop at the scene of an accident on condition he pay $150 for the use of the county and costs.

Leo Fritz, Frederick, was sentenced to 90 days on a bad check charge, beginning July 29 when he was placed in jail. He was told that he may be paroled upon payment of costs and restitution.

Walter R. Clapper, Abbottstown, was given a suspended sentence on a charge of operating after suspension on condition he pay $150 for the use of the county and the costs.

Elmer E. Pauley, Littlestown R. 2, who had been sentenced November 21 to from nine to 18 months on a robbery charge was placed on parole for one year.

The desertion and non-support charge against Ray Unger, Biglerville, scheduled to be heard today,

Broke Law To "Get Engaged;" Caught By Cops; Must Pay $150

Eugene Frederick Weaver's engagement has become rather expensive.

Weaver, whose address is listed in court records as 265 Princess St., Hanover, appeared before the Adams County Court this morning for sentence on a charge of driving his car after suspension, of his operator's license.

The Hanover man told the court he knew he was driving under suspension, but he had bought a ring for his girl, so he took the night off from work and went "to my girl's house and we got engaged." Enroute home from the engagement he was caught driving by police.

The court asked Weaver if he thought getting engaged was sufficient excuse for driving while under suspension, then gave him a suspended sentence on the charge, provided he pays $15 for the use of the county and the costs.

No estimate was given of what the ring cost.

Ike Says German Troops Are Needed For Firm Defense Of Europe Against Red Attack

WASHINGTON (AP) — President Eisenhower told Congress today a firm defense of Western Europe against Russian attack will be impossible without German troops to bolster the line.

In a report on the government's foreign aid program during the first six months of this year, Eisenhower again appealed to France and Italy to approve the European army project which would make it possible to add German manpower to Europe's defenses.

"The EDC (European Defense Community)," he said, "offers the best solution for the difficult problem of integrating German armed forces into the European defense system.

"No measures to defend free Europe from Soviet aggression can be fully effective without participation."

Face French Changes

The President's statement came as foreign ministers of West Germany, Belgium, the Netherlands, Luxembourg and Italy were arguing in Brussels with French Prime Minister Pierre Mendes-France over new French objections to the plan. France and Italy alone of the six countries have not ratified the plan.

Eisenhower said failure to approve EDC during the past six months covered by his report constituted "the most serious single obstacle" to a successful European defense.

Congress last night sent to the White House a bill providing $5,243,575,795 to run the foreign aid program another year, including both military and economic assistance.

Get Much U.S. Aid

The President told the congressmen that, as part of its drive to bolster the free world, the United States shipped $1,700,000,000 in weapons and military supplies during the first half of 1954 to friendly governments.

He said this raised the amount sent overseas since the military aid program began to $9,400,000,000 — about $6,700,000,000 to European countries.

New military aid agreements with Japan and Pakistan, he said, have helped strengthen anti-Communist defenses in the Far East. But, he acknowledged that Communist gains in Indochina represent a "serious military setback" for the free world.

Chinese Get Jets

He said that in order to block further Red drives it would be necessary to strengthen the economic base of Far East countries, thus permitting them to build up their armed forces without dangerous

Will Attend Bank School Next Week

John R. Wisler, The Peoples State Bank, East Berlin will attend the Pennsylvania Bankers Association Summer School which will be held at the Pennsylvania State University, State College, August 22-27. The Adams County banker is among a group of more than 250 bank personnel who will be returning to college for the annual PBA School.

The Summer School is sponsored by the Pennsylvania Bankers Association in cooperation with the Colleges of Agriculture and Business Administration at the Pennsylvania State University. The purpose of the School is to present to bankers of Pennsylvania a program of modern methods and techniques in the various fields of bank management.

COUNCIL CHANGES PLANS

Because of a rain postponement, the regular meeting of the Fifth District Youth Council will be held Monday at the Raymond Leer's meadow, along the road from the Worley Nursery to Latimore. The session will start at 7:30 p.m. In the event of inclement weather the group will meet at the York Springs Fire Hall.

OK APPOINTMENT

WASHINGTON (AP)—The Senate has voted to confirm President Eisenhower's appointments for 10 Pennsylvania postmasterships. Included was E. Phillip Tyson, Gardners.

EMILIE DIONNE DEATH CALLED "ACCIDENTAL"

STE. AGATHE, Que. (AP) The coroner's jury investigating Emilie Dionne's death has sent Quebec's attorney general a private report which reportedly makes recommendations about proper medical care.

The jury ruled last night that the 20-year-old quintuplet died accidentally.

The report was not published, but Coroner Jean Taillon said it contained recommendations dealing especially with the Roman Catholic hostel for the aged where Emilie died Aug. 6 while preparing for entry into a Catholic lay order.

She died unattended in her bed after suffering three epileptic seizures. The third came while the hostel personnel were attending mass.

Died Of Suffocation

The jury found that death was due to suffocation during a seizure. After hearing testimony from nuns at the hospice and from the provincial medico-legal expert, Dr Rosario Fontaine, it agreed there was no criminal responsibility. The doctor said the girl "accidentally suffocated in her pillow."

One juror asked Fontaine if Emilie's final attack could have been avoided if a doctor had been called after the earlier seizures. Fontaine acknowledged it would have been advisable to call a doctor but said that the latter might not have been able to administer sedatives.

Witnesses said Emilie's mother told one of the sisters that Emilie had epilepsy.

Emilie's brother-in-law, Maurice Girouard, of Waterloo, Que., was the only member of the family present at the inquest. He testified that Emilie had been under treatment at Montreal's Royal Victoria Hospital a few years ago.

The coroner also told the jury he understood Emilie had at one time been under treatment.

Countian's Garage In Hanover Burns

Fire of an undetermined origin destroyed a two-story barn used for a two-car garage and a 1934 model automobile Thursday night at 10:10 o'clock at the home of Jenson J. Rineman, 895 Broadway, Hanover.

Loss was estimated at $1,500 by Fire Chief Reginald C. Stremmel. The property, owned by Howard J. Myers, New Oxford R. 1, is covered by insurance.

Rineman said the blaze was discovered by Louis Lookenbill, who lives next door.

A lean-to adjoining the 20 by 25-foot barn was saved. A quantity of garden tools was destroyed.

Look For Prints On Garage Safe

The safe stolen from the Warren Chevrolet Garage Thursday was being checked today for fingerprints but there was little else new to be reported in the case.

Police are continuing their investigation into the burglary. The safe was found early Thursday morning along the Schriver's Corner—Hunterstown Rd. and approximately $600 had been stolen from the strong box. The door of the safe had been pried from the hinges.

Property Transfers

J. W. and Bessie E. Dull, R. 5, sold to Cletus E. and Blanche M. Mummert, East Berlin, for $12,500, a property along the northeast side of W. King St. in East Berlin.

strain on their economies.

He reported the United States is re-equipping the Chinese Nationalist air force on Formosa with jet warplanes and that some of the tactical units being created should be ready for action this fall.

Present aid programs, he said, also involved improving antiair-defenses on the island stronghold as well as a better "communications wing."

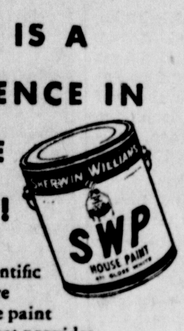

About 700 million dollars of the $1,700,000,000 in military aid shipped overseas during the period he said, went to Far East countries.

He said shipments to the Far East now are at an all-time peak and will continue at this level for some time.

The President gave this breakdown of the numbers and types of weapons shipped overseas to all countries over the past four years: 34,733 tanks and combat vehicles 188,497 motor transport vehicles 5,911 aircraft; 784 naval vessels 45 million rounds of artillery am munition; 127,403 electronics and signal equipment items; and 34,80 artillery pieces

MAY OBSERVE BICENTENNIAL IN EMMITSBURG

The Emmitsburg Chamber of Commerce held its regular monthly meeting on Tuesday evening in the Fire Hall. Due to the fact that the president was on vacation Secretary C. A. Elder presided. There were nine members present, the draw prize was won by John S. Hollinger.

During the business meeting it was decided to move the public drawing for one evening, August 28, to the lawn at the Catholic Church where the V.F.W. will hold an all day picnic that day for the benefit of the Ambulance Fund. The drawing has never been moved before but due to the fact that the picnic for the Ambulance is considered is of extreme importance it was decided to move it for this one evening.

It was proposed by the acting president that the Chamber of Commerce sponsor a Hilly-Billy show on September 25, for the benefit of the Memorial Hall Fund, at the Horse Show Grounds. The date was selected because the grounds will be set up for the Horse Show to be held on September 26. A committee headed by the President Cloyd Seiss was appointed to look into the matter and announce in the near future whether it will be possible to hold this benefit.

The possibility of staging a program marking the 200th Anniversary of the founding of Emmitsburg in 1957 was discovered. Mrs. Robert Daugherty was appointed to contact all of the organizations and churches in the community and find out how they feel about staging this full scale celebration. In the near future an executive committee will be set up and long range preparations will get under way if all persons concerned are in agreement on this celebration. All those interested in the program are asked to drop a line to Mrs. Daugherty to give the Chamber a cross section of opinions in this great project.

PRIEST KILLED ON 1ST FLIGHT

WILKES-BARRE, Pa. (AP) — A Catholic priest making his first flight was one of two men killed last night in the crash of a light plane in a mountain area north of Wilkes-Barre.

The dead were the Rev. Joseph Roman, 28, of St. Christopher's Mission here, and Edward Stermer, 56, the pilot and ownr of a local grocery.

State police said the plan had flown only about three miles after its take off from the Wilkes-Barre Wyoming Valley Municipal Airport at nearby Forty Fort when it went into a dive, crashed on a mountainside in a recently burned over area in Bear Creek Twp.

Ordained In June

Stermer, a pilot for two years, was killed instantly. Father Roman ordained last June, died in the Wilkes-Barre General Hospital. He had been thrown clear while Stermer was trapped in the wreckage.

A member of St. Christopher's Parish where Father Roman was assistant pastor, Stermer had invited the priest to go for his first airplane ride. The two-seat Aeronca Champ had climbed to 1,000 feet before it went into its fatal dive. The plane was owned by the Anthracite Flying Club of Forty Fort, of which Stermer was a member. He had been a pilot for several years.

State police said the plane apparently had engine trouble.

Father Roman is survived by his parents, Mr. and Mrs. Dominic Roman, Kingston, and a brother, Vincent, Trucksville. Stermer leaves his widow and five children.

In his professional boxing career Rocky Marciano has never lost a fight or been held to a draw.

Churchmen Label Ike's Address As "Very Remarkable Speech"

By WILLIAM J. CONWAY

EVANSTON, Ill. (AP)—President Eisenhower's fervent plea to the world's spiritual chieftains to lead the way to a just and lasting peace drew an approving "amen" from churchmen today.

He laid his show-the-way challenge before representatives of 170 million Christians yesterday at a session of the World Council of Churches.

It was greeted with applause.

"Very Remarkable Speech"

Clergymen and laymen attending the convention later told newsmen of their reaction to Eisenhower's speech—including his appeal for a prayerful campaign for peace that could result in a global day of prayer, his public profession of faith and an invitation to criticize government "in the light of religious ideals."

A half dozen or more used terms such as "wonderful" and "very good."

Bishop Otto Dibelius, leader of German Protestantism, appraised it as a "very remarkable speech," and added:

"It comes from the depths of the heart and is very much welcome by the members of this assembly."

"You Can Lead The Way"

The President addressed a multitude of 18,000 men, women and children who sat or stood in Northwestern University's Deering Meadow. In the audience were representatives of 163 denominations in 48 countries who are in the midst of a 17-day conference.

Eisenhower spoke of a campaign for "a just and lasting peace," and added:

"I believe that you spiritual leaders of a great world organization, together with your brethren of other faiths, can lead the way.

Suggests Prayer For Peace

"The goal should be nothing short of inviting every single person in every single country of the world who believes in the power of a Supreme Being to join in a mighty, simultaneous, intense act of faith.

"That act of faith might take the form of a personal prayer by hundreds upon hundreds of millions delivered simultaneously and fervently for the devotion, wisdom and stamina to work unceasingly for a just and lasting peace."

Allenberry Plays Comedy Next Week

Ingenue Sandra Speiser plays the lead role of Prudence Kirkland in "The Pursuit of Happiness" at Allenberry Playhouse for one week beginning Monday.

The costume comedy was presented at Allenberry during the 1950 season. It tells of a young Hessian deserter in the Revolutionary War who falls in love with Prudence and learns of life in America from her. The colonial custom of bundling forms part of the plot and one of the plays comedy scenes shows the lovers' courtship in a bundling bed.

The Allenberry Players' revival of "The Pursuit of Happiness" is directed by Richard North Gage. In the cast are Hal Hamilton, Donald Marye, Bettie Endrizzi, John McMartin, John Aniston, and Gwen Howard.

MERCURY DROPS DURING STORM; SOARS TODAY

By THE ASSOCIATED PRESS

Thunderstorms, with rain and lightning tumbled temperatures in Pennsylvania today but the Weather Bureau forecast an upward trend during the day to 80 degrees and above.

The overnight storms caused some damage in the Harrisburg area and in southwestern Pennsylvania.

The Weather Bureau said showers were general across the state, except at Pittsburgh and Erie areas.

Extreme eastern sections reported a light rainfall but elsewhere there was about a quarter to half an inch. The heaviest rain 1.40 inches was at Blairsville.

At Philadelphia, the temperature dropped from 93 degrees yesterday afternoon to 72 at daybreak.

Lightning struck and set fire to a barn near Linglestown, a few miles from Harrisburg.

The barn, owned by Roman Steelman, was destroyed at an estimated $30,000 loss. Six pigs were burned to death.

Bolt Hits Bridge

A bolt of lightning struck the Clarks Ferry toll bridge over the Susquehanna River. No damage resulted.

A lightning bolt also started a fire in the barn of S. H. Batterman in Adams County near Cross Keys. Some hay was destroyed and two pigs were burned to death.

Rains poured down over most of the Harrisburg area accompanied by high winds that ripped down utility lines and felled trees.

Some slight service curtailments were reported by utility companies.

Streets in suburbs of the capitol city were flooded during the height of the downpour and traffic in some sections was slowed down and even halted.

The thunderstorms caused some damage in Fayette, Greene and Somerset counties, in southwestern Pennsylvania.

In Uniontown street lighting system was knocked out for a while. Some trees were blown down.

The Weather Bureau reported more than half an inch of rain fell in 30 minutes. Many streets were flooded. Lightning hit a house, near Connellsville. No one was injured.

In Greene County, lightning blasted a big hole in a large brick chimney at Waynesburg.

The Chicago White Sox originally were called the Invaders and later the White Stockings because of their hose.

Resume Garbage Collecting Thursday

The garbage trucks began rolling again in New Oxford Thursday.

For three weeks the town was without trash collections while new sites for dumping were sought after the collectors were banned from the old dump.

For three weeks people of the community burned or buried their trash.

C. P. Keefer, secretary of the borough council said, "The collections were halted long enough for all of us to realize how great a convenience garbage collecting is."

Scholarship in County Goes to "Tom" Miller: G. Thomas (Tom) Miller, son of Dr. and Mrs. George R. Miller, West St., has been notified that the annual state scholarship award for Adams county has been won by him this year on the basis of an examination given in May. Twenty-eight county high school seniors competed for the scholarship that pays $100 a year for four years in any Pennsylvania college. Miller was one of 15 Gettysburg high school seniors competing.

The scholarship winner will enter Gettysburg college next month as a pre-medical student and will major in biology. His father, Doctor Miller, is head of the physics department at the college.

Emmitsburg Picks Burgess: Emmitsburg now has its third burgess since the May election as municipal affairs underwent a second unexpected change, occasioned by the sudden resignation last Friday of Guy S. Nunemaker, retired engineer.

The new burgess is Richard M. Zacharias, who was named at a hastily-called meeting of the town council, which comprised only two members up to Friday, since John D. Elder, publisher, resigned three weeks ago.

However, after Zacharias took the oath of office, he appointed Nunemaker as the third member of the town council, filling all three places. The other members are Charles A. Harner, council president, and Thorton Rogers.

Nunemaker had been appointed to fill the vacancy caused by the death of Mike Thompson.

Today's Talk

ZEST FOR LIF

To be inspired, anxious, and with a hunger for work to achieve things, you need to have a burning desire. In simpler words you must have zest for life itself before you can be a master of the thing at hand.

No one can do his best who does not feel like doing it. It's the will and the desire that feed all incentive to growth and power. With the mind clear of all fear and worry and, as Dr. Osler once said, "with the clean tongue," and the rested body, what cannot one person create? Let's put it this way: What cannot any person achieve?

We always do our best work when we are relaxed, and deeply interested in the task at hand. It's this zest for life that urges us all to do things that the ordinary person would consider too insignificant. Nothing is insignificant that is useful and important. Few tire at their work who are interested and enthused and who get actual fun out of what they do. People rust out. They do not wear out.

What is more inspiring than to see a man or woman happily at work? Every worker around such a one has his spirit stirred. Good examples are always contagious. When you get a piece of good news in a letter, or read it in your newspaper, what an exhilarating effect it has upon one. You stand up straighter, breathe deeper, and your entire physical makeup is stimulated. You even drop a few years and feel the stir of youth again!

With a zest for life you celebrate yourself and every faculty is alerted, and you feel that your mind, heart, and entire physical makeup are in step and co-operative. You wish to give back to life much for all that it has given to you. You feel that you have a permanent investment in this world as a prelude to the one to come!

Tomorrow Mr. Adams will talk on the subject: "The Last Lap"

State Taxing Problems Top Democratic Platform Talks

By JOHN KOENIG JR.

HARRISBURG (AP)—What to do about a state tax program emerged today as the biggest question facing election platform writers for Pennsylvania's Democrats.

Former U. S. Sen. Francis J. Myers, platform committee chairman, said he believed his group "definitely" would take a stand on the sales tax, which so far has come in for continuous attack by Sen. Geore M. Leader, the party's candidate for governor.

Myers, who closed two days on public hearings on platform suggestions Wednesday, said he could not venture to say whether the committee would draw up a specific substitute tax program.

Sales Tax Opposition

"The great majority of witnesses appeared to be opposed to the sales tax, however," he added. "And the committee will take a definite stand on that issue."

Of prime importance, the former senator said, is making a complete study of the whole tax structure of the commonwealth and proceeding from there.

Platform recommendations from nearly 30 groups called for numerous health, welfare, highway and construction projects that would run into new millions of dollars in commonwealth expenditures.

Consider Items

Many other suggestions proposed various types of governmental reorganization and reforms. But it was the opposition to the sales tax and recommended new projects that continually kept the cost of government before the fact-seeking committee.

Richardson Dilworth, Philadelphia district attorney, in particular emphasized the question of cost and what substitute could be offered in place of the sales levy, which is estimated to yield 135 million dollars a biennium.

Myers fixed Aug. 31 for a committee meeting to draw up a working draft of the platform which must be submitted to the full Democratic state committee by Sept. 8.

Platform Ready September 3

"We must have the platform ready for the state committee by the Friday before Labor Day weekend," he said. That would be Sept. 3.

In late testimony Wednesday, the Americans for Democratic Action, Philadelphia chapter, suggested a "production tax" in place of the sales tax to place the burden of the levy beyond the "nusiance" level for the consumer.

The Pennsylvania State Assn. of Township Supervisors proposed allocation of one cent of the state's five-cent per gallon gasoline tax to municipalities for highway purposes. This would increase such funds by seven million dollars a biennium.

Truck Weights

The association also opposed increasing legal weight limits for trucks although the Young Farmers of Pennsylvania approved "larger" trucks to carry farm products to market.

Reinald D. Forbes, Philadelphia urged creation of a civil service system for the forests and waters department with job tenure for technically trained foresters.

The Pennsylvania Citizens Committee of Migrant Labor urged application the child labor laws to children of migrant workers brought into Pennsylvania as seasonal farm labor.

Child Care

"Up to this time, nothing has been done for these children," Mrs. Lois Garvin, Lewisburg, representing the committee, said. She urged that child care centers be created for the children and that working hours be limited and a minimum age for employment set.

Sen. Joseph M. Barr, Democratic state chairman, in denying a Republican charge that "New York carpet-baggers" are taking over the Democratic campaign, said that George N. Pennington, a native Pennsylvanian, is directin the party's publicity "on all fronts."

Miles Horst, Republican state chairman, made the "carpet-bagger" charge in a statement reerring to the employment of a ew York advertising firm by the Democrats.

Barr said the New York firm was handling television and radio phases of the Democratic campaign from its offices in Philadelphia.

WINNER AT GATE

STOCKTON, Calif. (AP)—College of Pacific's rugby team pays its way solely from box-office receipts. When its 1954 season closed the books showed a net profit of $2.13.

In 1953, U.S. railroads were using 23,000 diesel and 12,000 steam locomotives.

COMMITTEE TO HELP MIGRANTS GIVEN AWARD

HARRISBURG (AP)—A voluntary citizens committee formed to help better the lot of the migrant worker in Pennsylvania received a $5,000 first place award Thursday in a national competition for its work.

A noon luncheon was arranged to present the money and a plaque bearing a citation to the Pennsylvania Citizens Committee on Migrant Labor, organized more than two years ago after a conference at Bucknell University.

Gov. John S. Fine sponsored the luncheon and was elected to make the presentation. Dr. Max Wolff of New York University, chairman of the Committee on Community Projects which sponsored the contest, was among those on hand.

Dr. Cyrus H. Karraker, professor of European history at Bucknell and chairman of the citizens up since its inception, came here to accept the awards on behalf of the committee.

The committee won first place recognition among 400 projects nominated with its plan on how to promote better relationship between migrant workers and residents of Pennsylvania.

Dr. Karraker has been given much credit for bringing to the attention of proper authorities various conditions under which migrant laborers live in the state.

Second place in the contest, with an award of $3,000 went to Greensboro, N.C., for a cerebral palsy school. A community tractor project in Cotton Valley, Ala., won the $2,000 third prize.

The money awards are furnished by the Necchi Foundation, established by Leon Jolson, president of the Necchi Sewing Machine Sales Corp. This year's contest was the first of a planned annual event.

The Committee on Community Projects is sponsored by the National Council of Jewish Women, the National Council of Negro Women, and the United Church Women.

The Pennsylvania citizens committee's work is directed through an 11-member executive board with members from labor and church groups, social workers and the National Assn. for the Advancement of Colored People. It was originally organized to study a Negro problem but then expanded its field.

It cooperates with the governor's Committee on Migrant Labor, the state departments of public instruction, welfare, labor and industry and health, and other similar organizations. Executive secretary is Mrs. Harry Garvin, Lewisburg.

Judges in this year's contest were Dr. Ralph Bunche of the United Nations; Dr. Nathan Cohen, New York School of Social Work; Dr. Charles Johnson, Fisk University; Dr. Earnest Melby, Columbia University; Prof. Jess Ogden, University of Virginia; Mrs. Jane M. Spaulding, Foreign Claims Settlement Commission, Washington, D. C., and Dr. Ralph Spence, Columbia University.

Awards were made on the basis of: 1. Worthiness of the project from the point of view of the local community; 2. degree of involvement of the local citizenry; 3. achievement or promise of achievement of aims; and 4. impact of the project on local community in terms of continuing cooperation and good intergroup relations.

SAY IKE WILL FIGHT HARD FOR CONGRESS HELP

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower says administration critics forecasting a depression are pursuing "crooked-fence economic politics" — and aides said today this means he intends to fight hard to tighten Republican control of Congress.

Democrats quickly replied to Eisenhower's latest pat on the back for the GOP-run 83rd Congress with notice they are ready to wage the November election battle on the issues of the administration's tax, farm, labor, power and business policies.

The President hit at critics in a speech at the Illinois State Fair in Springfield yesterday. Then he flew on to Evanston, Ill., for another, quite different kind of address.

World "Needs God"

In that solemn talk at the Assembly of the World Council of Churches at Northwestern University, Eisenhower declared the cause of peace in the world "needs God."

In his Springfield speech, Eisenhower said that while Republicans have been at work—successfully, he added—on the administration's legislative program, "there have been sitting on the sidelines, of course, the prophets of gloom and doom" on the economic outlook.

He mentioned no names, but obviously was alluding to Democratic critics who have contended the administration was leading the nation into a depression.

Ike's "Kick Off"

That speech was the President's personal kickoff of a cross-country tour in the weeks to come in an effort to increase the number of Republicans in the Senate, where they outnumber the Democrats by only one, and in the House, where their margin is five.

He spent about 13 hours away from Washington, returning by plane last night.

Braves Lose In 10th To Cards But Still Have Pennant Within Grasp; Tribe Splits; Yanks Win

By BEN PHLEGAR
AP Sports Writer

The "History of the 1951 Pennant Race" became required reading for the Milwaukee Braves today.

Written into the annals of the National League by the New York Giants, this remarkable record provides convincing and recent proof that baseball miracles are possible.

Although firmly believing they are the new team of destiny, the Braves could use a little solid encouragement. They lost two out of three games to St. Louis, including a 2-1 10-inning thriller yesterday, and now trail New York by 5½ lengths.

Can Yet Be Done

Even now, however, they are much better off than the Giants were at this stage three seasons ago. Milwaukee still could do it all alone, without depending on a collapse by either the Giants or Brooklyn.

It could work this way. The Braves have five games left with the Giants. They've lost five more than the Giants. A sweep of the five would cancel out the New York lead. The Braves and Brooklyn play six more times and the Braves have lost only two more than the Dodgers.

In 1951 the Giants trailed Brooklyn by seven games as late as Sept. 1. They were still six games behind in the losing column on Sept. 20. Only a complete Dodger collapse in the final week paved the way to the playoff.

3rd In Row For Giants

The Giants, apparently back in good health after a critical slump, won their third in a row, 5-0 over Philadelphia. Brooklyn again had to hustle for a 7-5 verdict over the hustling Pittsburgh Pirates. Cincinnati took two from Chicago, 7-0 and 6-3.

In the American League, Detroit and Cleveland split a twin bill. The Indians won the first game 4-3 but lost the nightcap 8-2, ending a nine-game winning streak. The Yankees whipped Philadelphia 8-5 for their 10th straight and Chicago edged Baltimore 4-3.

Cleveland now leads New York by 2½ and Chicago by 8½.

Gomez Tames Phils

Boston jumped ahead of Washington in their private battle for fifth place with an 11-6 triumph. Ted Williams broke his string of 17 hitless times at bat with a single and a double. He also walked four times.

Ruben Gomez tamed the Phillies on seven hits and received home run support from Davey Williams, Ray Katt and Bobby Hofman.

The last-place Pirates refused to fold, even when Brooklyn ran up a 7-0 lead in the first three innings on Gil Hodges' 32nd homer and a bases-loaded triple by Walt Moryn. Jerry Lynch, Preston Ward and Frank Thomas homered for Pittsburgh.

Cards Won In 9th

The Braves drew 46,057 to an afternoon ladies' day contest with the Cardinals, the largest crowd ever squeezed into County Stadium. Milwaukee came from behind with two out in the ninth to tie the score at 1-1. But a triple by Wally Moon and a long fly by Solly Hemus brought victory to the Cardinals in the 10th.

Bobby Feller won the 260th game of his brilliant career in the opener support from Vic Wertz and Dave Pope. The Tigers fell upon three Indian hurlers for 14 hits in the second game, including a three-run homer by Bob Nieman.

Scare For Yankees

Baltimore ended Jack Harshman's string of scoreless innings at 34 by scoring three runs in the fifth but the White Sox held on for their one-run triumph, getting the winning tally in a two-run uprising in the eighth. Nellie Fox, who had a perfect day at bat with four hits, drove in the deciding run.

The Yankees got a late-inning scare from the usually docile Athletics, who knocked out Eddie Lopat with five straight hits in the eighth. But after scoring five runs the A's were checked by Johnny Sain. Philadelphia put two men on in the ninth with two out before Sain finished off by getting Elmer Valo on an infield grounder.

BATTING—Nellie Fox, Chicago White Sox, hit a double and three singles in four times at bat and drove in the winning run in Chicago's 4-3 victory over Baltimore.

PITCHING—Ruben Fomez, New York Giants, pitched his fourth shutout of the season, a seven-hitter, as New York beat Philadelphia 5-0.

BUCKEYE GOLFER BEATS FAVORITE IN CADDY PLAY

COLUMBUS, Ohio (AP)—Four 17-year-olds went into the 36-hole semi-finals of the $5,000-scholarship ninth annual Caddie Golf Championship today, and it looked like a wide-open race.

The draw sends Rino Della Flora of Columbus against Dick Burgoon of Harrisburg, Pa., and Eugene Borek, of Yonkers, N.Y., against Gene Cardi of Columbus.

Cardi, the Buckeye junior champion who still has a year of high school play left, came from three behind at the turn yesterday to take a 19-hole victory over John Chimienti of Harrisburg, Pa., who finished third a year ago here.

Beats Favorite

Della Flora, after going 21 holes against Rand Newby of Erie, Pa., in the morning session, was an easy 4 and 3 victor over Dick Hauff of Chicago, the tourney medalist and odds-on favorite.

Borek, who will be 18 Christmas Day, took a one-up victory over Walt Thomas of Kansas City in the quarter-finals, while Burgoon, seventh last year, was a 2 and 1 winner over Dave Daniels of Columbus.

The four losers had an 18-hole medal play round on tap today to determine in which order the $150, $200, $300 and $350 scholarships are to be distributed. Today's losers meet at medal play tomorrow for the $750 and $500 awards, with the finalists getting $1,500 and $1,000.

GEIBERGER IS "MAN TO BEAT"

ALBUQUERQUE (AP) — Allen Geiberger wore the mantle of the man to beat today as he teed off in the third round of the annual International Jaycee Junior Golf Tournament.

Boasting a three-stroke lead with his 36-hole total of 145, the 16-year-old California Jaycee champion from Santa Barbara could afford to sit back and let the rest of the field try to catch up.

His 73 and 72 rounds on the University of New Mexico course were just one over par for the 36 holes and the experts figured two or three over would be good enough to win. Par for the 7,250-yard layout is 36-36—72. Geiberger was one over on the front nine and one under on the back nine yesterday.

Three Pennsylvanians remained in contention. Best of them was Ken Mumma of Linglestown, near Harrisburg, who was among the top 25, just 10 strokes off the pace with a pair of 38s and an earlier 76 for 155; Jimmy Curtis of Oakmont and Jimmy Graybill of York both turned in identical cards of 81 and 80 for 161.

Eastern League

By THE ASSOCIATED PRESS

Wilkes-Barre's Barons ran into a rough righthander named Bob Mabe and a stingy weatherman last night and dropped 2½ lengths behind Elmira in their fight for the Eastern League flag.

An intermittent drizzle at Allentown wasn't enough to disrupt play as the Redbirds' Mabe held the Barons to four hits in posting a 4-2 victory. A downpour hit just as the game was completed.

Elmira raced to 9-5 win against visiting Schenectady to pick up a full game on the contenders. fourth-place Binghamton moved to within one game of overtaking Albany in third when righthander Mike Schultz blanked the host Senators, 4-0. Reading was rained out at Williamsport.

Pitcher Ruben Gomez of the New York Giants holds a B.S. degree in physical education from the University of Puerto Rico.

Not A Double Take

It looks like umpire Jocko Conlan is giving this play the double take but it's not the case since the extra head belongs to Gants' catcher Ray Katt, who is out while going into second in 8th inning of game at Polo Grounds, New York, Aug. 19. Bobby Morgan, Phillies' shortstop, is getting off throw to first as second baseman Granny Hamner watches. Play started when Giant pitcher Ruben Gomez grounded to third baseman Willie Jones. Although Phils got force play at second, they missed double play when Morgan's throw went wild. Gomez made second on the error. Giant won again, 5-0. (AP Wirephoto)

Cop Is Suspended For Using Revolver

YORK, Pa. (AP)—A York policeman was on suspension today for "unnecessary use of a revolver" in the wounding of a motorist.

Mayor Howard E. Eyster suspended patrolman Andrew E. Knight Jr., 30, for wounding Truman L. Gohn, 34, York, yesterday.

Eyster said Knight shot Gohn in the cheek when the latter failed to halt on orders given from a patrol car.

Gohn was admitted to York Hospital. He was charged with reckless driving, failure to obey a signal of an officer and operating a car while under permanent suspension of license.

TITLE SCRAP THIS EVENING

SAN FRANCISCO, Calif. (AP) — Middleweight king Carl (Bobo) Olson of San Francisco lays his world championship on the line tonight and is a solid favorite to retain it in a 15-round match with the nation's leading challenger, Rocky Castellani of Cleveland.

The bout will be nationally televised and broadcast by NBC, with the San Francisco area blacked out of the TV picture.

The show goes on at 9 p.m., EST, at the Cow Palace.

Promoter Benny Ford believes the attraction will virtually fill the near 18,000 seat capacity. His associates, President James Norris and others in the International Boxing Club, trust his optimism is sound.

The balding, 26-year-old Olson captured the middleweight crown from Randy Turpin of England in 1953, turned back the threat of Kid Gavilan in Chicago last April in one of his greatest fights, and he hasn't been beaten in his last 15 trips inside the ropes.

The last time Bobo was beaten, in fact, was in a bid for the title against Sugar Ray Robinson here in his adopted home in 1953.

Castellani, at 28 a seasoned ringman without much of a punch—less, in fact, than the champion, who is not famous for chilling his foes—has not been whipped in 10 straight matches.

Castellani, christened Attilio Nicholas and a product of the Pennsylvania coal mines, was last defeated in 1953 by Pierre Langlois.

Walsh said the late brotherhood President A. F. Whitney dismissed him from the $7,050 a year job and prohibited him from again holding office in the organization. Walsh did not say why the action was taken. Union spokesmen could not be reached for comment.

STATE SOFTBALL TOURNEY OPENS

WILLIAMSPORT, Pa. (AP) — Defending champion Tarentum meets New Castle today in one of three games opening the three-day annual Pennsylvania Amatuer Softball Assn. Class A Tournament.

Other first day games, all scheduled for tonight, find Williamsport Crippled Bear meeting New Kensington and Williamsport Pickelners playing Bradford.

The championship game in the double elimination tournament (each team must lose twice before being eliminated) is set for Sunday afternoon.

Other entries, all to play their first game Saturday are Johnstown, York, Meadville and Reading.

The winner of the state tourney advances to regional play at Baltimore over Labor Day weekend. The regional winner will play in the national tournament.

LIONS BEAT EAGLES 17-14

PHILADELPHIA (AP) — The Detroit Lions headed back to training camp today after adding the annual Philadelphia Inquirer Charities exhibition game to their victory list last night along with the game's most valuable player award.

Lions' quarterback Bobby Lane, who passed for two touchdowns in the world champions' 17-14 victory over the Philadelphia Eagles before 45,600 at Municipal Stadium, was the choice of the judges for the Robert J. French Memorial Trophy.

The former Texas U. star passed 25 yards to Leon Hart in the first quarter and 11 yards to Doak Walker in the second quarter. That, plus an 18-yard first quarter field goal by Jim Martin and Walker's two placements, offset a second-half Eagles' drive that featured touchdown passes of 8 and 2 yards from Adrian Burk to Bobby Walston.

Jet Plane Crashes Killing Young Pilot

FT. DIX, N. J. (AP)—An Air Force jet plane crashed in a wooded area and burst into flames yesterday, killing the 22-year-old pilot.

Victim of the crash was 2nd Lt. Mark R. Polking of Carrol, Iowa, whose F86D Sabre jet was on a routine training flight from nearby McGuire Air Force base.

The plane was carrying 24 rockets, none of which exploded. Fire units from McGuire, Cookstown and Wrightstown sped to the crash scene in the woods of a truck farm and extinguished the flames.

A base ordnance crew removed the rockets from the plane.

Polking's plane crashed just two miles north of the base.

39 CANDIDATES SEEK BERTHS ON '54 "BUBBLERS"

The Boiling Springs High School Bubblers opend their 1954 football practice season Wednesday morning at 9 o'clock. The Bubblers are practicing at the Allenberry Meadow again this year because the high school practce field is not ready for use. Thirty-nine candidates answered Coach Bud Ecker's first call for practice. This is a much larger turnout than the 26 boys on last year's squad.

The following boys are candidates for this year's team: Ends, seniors, Paul Dugan and Paul Bishop; juniors, Bill Fry; sophomores, Bob Hamman, Charles Fickle and George Shenk; tackles: senior, Marlin Lear; juniors, Gerald Shultz and Irvin Fanus; freshmen, Charles Jacoby, Ronald Matthew, Gary Fishel and Alden Karper. Guards: seniors, John Stover and Bob Clark, juniors, Ken Smith and David Cook; sophomores, Ronnie Lebo; freshmen, Donald Steinour and Robert Grove. Centers: seniors, Charles Sherman; sophomores, Dick Sherman and Ken Bream.

Out for the right half back spot are: Juniors, Grover Beam, Russell Grove, Paul Davidson and sophomore Ronnie Clark. At the quarterback spot are: Seniors, Cletus Wise, juniors, Lee Shenk, and freshmens Donad Sherman and Melvin Sheaffer .Fullbacks out for the team are Juniors Eddy Dasher and Glen Witmer and sophomores Wayne Stoner and Ed Wise. At the left halfback spot are seniors Tom Lebo and Tim Gephart, juniors Leon Blosser and sophomore Ed Miller.

From the 39 boys will come the varsity squad and also the junior varsity team. Assisting Coach Ecker this year is assistant Coach Art Smith and the two Junior High Coaches, John Harford and Jim Daddario. The Bubblers will practice twice daily for the first two weeks and will begin once a day drills. The first game is with Camp Hill on Saturday, Sept. 11, on the Boiling Springs field.

WILL HEAD PMD

FORT MEADE, Md. (AP) — Col. J. Trimble Brown, commanding officer of the Schuylkill Arsenal in Philadelphia, becomes chief of the Pennsylvania Military District on Sept. 1. His headquarters will be at Indiantown Gap, Pa.

Announcement of the appointment was made yesterday by Lt. Gen. Floyd L. Parks, 2nd Army commander.

Col. Brown, a Philadelphian, succeeds Brig. Gen. T. L. Futch, who is retiring after 37 years Army service. A veteran of World War II, Brown served as senior Army instructor for the Pennsylvania National Guard from 1948 to 1950.

Cincinnati Redleg outfielder Bob Borkowski won eight letters in football, baseball and tennis while at Dayton, Ohio, Kiser High School.

PROBE BOOKS AND RECORDS OF STATE WORKER

HARRISBURG (AP)—An investigation of financial books and records kept by Mrs. Helen W. Speck, deputy prothonotary of the State Supreme and Superior Courts here, was continued today by the Justice Department and Pennsylvania state police.

Atty. Gen. Frank F. Truscott disclosed yesterday that Mrs. Speck had been suspended from her duties pending the investigation.

Truscott said the investigation was requested by the State Supreme Court.

The 62-year-old Mrs. Speck, a resident of nearby Carlisle, was told of Truscott's statement and answered:

"I am innocent. I have nothing further to say at the present."

She said she had retained an attorney.

Amount Not Known

Frank P. Lawley Jr., assistant deputy attorney general assigned to the case, said the amount of money involved could not be estimated.

He said the investigation was too incomplete at this time.

Mrs Speck has not been working in her office since June 7 when she suffered injuries in a fall on the basement floor of the Capitol Building. The suspension, Truscott said, has been in effect since July 10.

Her husband, Leon A. Speck, also is a state employe, working with the State Workmen's Insurance Fund.

Mrs. Speck handled all office routine for the two courts here, including accounts of court expenses and fee accounts. Fees are required of parties filing appeals with the courts.

Mrs. Speck had held the $5,000 a year post for the two courts since 1943. She had been employed in other capacities by the courts since 1939.

Her immediate superior is Prothonotary Charles H. McKibben of Philadelphia.

During Mrs. Speck's absence from her post no one else has been placed on the job. The job can be filled only by the Supreme Court.

Children Cheaper By Baker's Dozen

NEW YORK (AP)—A Brooklyn couple has discovered that children are cheaper by the baker's dozen—at least at Midwood Hospital.

Fire Capt. Arthur Wallace, 50, and his wife Helen, 36, celebrated the birth of a baby boy, their 13th child, at Midwood yesterday.

The hospital, which charged for the other 12, decreed that little William was on the house.

The other Wallace children range in age from 14 months to 15 years.

CHANGE PLAN TO BOOST OUTPUT OF ALUMINUM

WASHINGTON (AP)—The Office of Defense Mobilization announced yesterday it is dropping its program to increase domestic production of alumimum by 200,000 tons a year.

ODM said a new survey of military, defense supporting and civilian requirements indicate that capacity domestic production of the light metal, along with increased Canadian production and secondary production from scrap, put together with stockpiles of aluminum "would be sufficient to take care of all out mobilization requirements for a number of years of war."

For this reason, ODM said, it is dropping its "third round" aluminum production expansion program. Previously there have been two fulfilled programs to expand the production of aluminum.

Tax Benefits Remain

ODM officials said discontinuation of the expansion program would not mean that new companies wishing to produce aluminum or existing companies wanting to expand their production could not get tax benefits in the form of authorization to write off the cost of new plants against their taxes in five years instead of the usual 20.

Companies which "make a good case" for their aluminum expansion projects will still be given rapid tax amortization certificates, ODM said.

However, the officials explained, dropping of the official expansion program would mean an end to expansion encouragement in the form of long-term government purchase contracts, defense loans, or government guarantees of private loans.

Existing commitments by the government under the aluminum expansion program now discontinued will be honored, the announcement said.

CHRISTIAN GIVING
I Corinthians 16:1-2
2 Corinthians 8:1-9

Key Verse: It is more blessed to give than to receive. Acts 20:35

If anyone doubts the importance of giving in a Christian's life let him read the New Testament. The teachings of Jesus are very direct on the subject. Paul quotes Jesus in the familiar words, "It is more blessed to give than to receive." Many of the parables of Jesus likewise point the same way. It is often to money the Master refers, and the use of it. But Paul is especially insistant that giving of one's means must be a part of a Christian's life. It is interesting how this man, who was preeminently an evangelist and theologian, not only urges giving but collected funds and carried them to the poor followers of Jesus in Jerusalem. In some of his letters he rises to a climax in pleading for benevolent giving. This is well illustrated in the 15th chapter of his first letter to the Corinthians. He writes with deep feeling of death and the victory over it through Christ. He pleads for a steadfast faith and abundant good works. Then as he reaches the end of an exhortation he says: "Now concerning the contribution for the saints." By saints he meant Christians in need and of course we remember Paul's hymn of love with its unforgetable conclusion, "and now abideth faith, hope and love but the greatest of these is love." Love is great because it is the basis of generous and continuous giving.

Paul had practical ideas about giving. In his first letter to the Corinthians he urges: "On the first day of every week each one of you is to put something aside and save, so he may prosper." Here in one sentence are several reasons for regular giving. It suggests that giving to those in need becomes a regular feature of one's life. Spasmodic giving is not the best way for there is always misfortune and want somewhere. It also provides more money, for even small sums will swell to considerable amounts if given regularly. It becomes a part of one's life; a habit that keeps the giver mindful of those who need a brother's assistance. It includes everyone, regardless of his means: "As he may prosper" governs the amount Paul made his appeal for systematic giving to all the churches. He urged, by voice and by letter, his co-workers not to forget the necessity of giving. And not only the principle of giving but even the method of regular giving governs much of our Church methods in sharing with the needy.

According to Jesus, who is always our authority, giving has a double blessing. The early Christians in Jerusalem were mainly poor. Hence the need of sharing with them. In spite of the best we have been able to do poverty still exists. Hence the need of organized giving as, for example, the Red Cross way. There are many other channels through which help is brought where need exists. Churches, and other groups have brought much relief during the recent wars and after. Especially when given "for Christ's sake" and with his spirit has all this sharing been a blessing and it will continue.

But a greater blessing comes to them who give than to them who receive Jesus here refers to genuine giving. The kind where the one who has and shares does it from pure love and sympathy; where he gives himself. "For the gift without the giver is bare." There are some reasons for giving which do not receive the blessing of Jesus. Here are a few. Fear of being called stingy; to get the reputation for generous giving; to do as well as others, say the "Joneses." Giving for these and other similar reasons may help to reach the "goal" set for a charitable cause but they will hardly bless the giver with spiritual growth. The early Christians "gave themselves to the Lord" and then humbly gave what they could to their brethren in need.

How Christian Science Heals
"The Divine Remedy for Diseases Called Incurable"
WGET (1450 kc.) Sunday 8:15 a.m.

Three things mar the beauty of this picture. DIRT .... POVERTY .... and NEGLECT.

Dirt can be scrubbed away in ten minutes.

Poverty cannot destroy human character. It has bred some of our greatest men and women.

But neglect—for it there is neither cure nor consolation. It is the shadow of evil days to come.

Delinquency, immorality and crime can nearly always be traced to neglect. And not simply to the physical neglect so evident in this picture. Evil lives stem from the neglect of our children's spiritual needs. There are youngsters with clean faces and fine clothes who are being brought up in the soul-stifling atmosphere of a church-less home.

Our children are *children of God*. It is their sacred right to learn of their Father, and to see Him honored daily in their homes.

Parents, where will your children be on Sunday morning?

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Four Full Divisions Will Be Pulled Out Of Korea In Line With New Military Strategy

By C. YATES MCDANIEL

WASHINGTON (AP)—The United States will pull two thirds of its ground strength out of Korea in the next few months in carrying out a new military strategy to mount a flexible defense against Communist China and at the same time build up a central strategic reserve at home.

In the largest peacetime redeployment of American forces, announced Wednesday, four full divisions will be withdrawn from Korea. Two divisions and smaller units will return to the United States, and Okinawa and Hawaii will be strengthened by one division each.

Immediate protests were launched in South Korea. All shops were closed and public transportation halted in Seoul during a protest rally which drew an estimated 100,000 persons to the city stadium.

In Line With Warning

Although two fewer divisions will be left in the western Pacific, defense officials interpreted the move as completely in step with President Eisenhower's clear-cut warning Tuesday against any Red attempt to invade Chinese Nationalist-held Formosa.

The new military thinking lays increased stress upon flexibility and the importance of the western Pacific defense line running from the Philippines in the south through Nationalist Formosa and Okinawa to Japan.

The strategy implies a strong U.S. determination to avoid fighting another major war strictly within the limits of the Korean peninsular.

New Alignment

When the troop reshuffling has been completed, probably next year, America's military lines will shape up like this:

Two U.S. divisions will remain in Korea to support a South Korean army now made up of 20 divisions and to be strengthened by additional American assistance. The British Commonwealth Division and smaller units from other Allied nations also remain in Korea.

Okinawa, now a major air base, is garrisoned by one Army regimental combat team, about 5,000 strong. The new emphasis upon the importance of that island won from Japan in World War II will send a full division to Okinawa, probably the 1st Marine Division now in Korea. That Marine division and its supporting ground units and air wing is the most powerful single military unit now in the Far East.

7th Fleet On Ground

Formosa, as Eisenhower noted, would be guarded by the U.S. 7th Fleet, which has been under orders to defend the island since the outbreak of the Korean War.

In Japan, where U.S. ground forces now include the Army's 1st Cavalry Division, the 3rd Marine Division and the 187th Army Regimental Combat Team, Army officials thought it likely the 1st Cavalry and the combat team would be among the units to come back to the United States. The 3rd Marine Division was expected to remain in Japan, for the time being at least, and one of the Army divisions to be pulled out of Korea may replace the cavalry.

BURKE LEADING AT FORT WAYNE

FORT WAYNE, Ind. (AP)—Jack Burke Jr. of Kiamesha Lake, N. Y., led a closely packed field of money players into the second round of the $15,000 Fort Wayne Open Golf Tournament today.

Burke, who is second in total winnings on the pro circuit this year, yesterday shot 34-32—66, six strokes under par, but 26 other pros and two amateurs were bunched within four strokes of him.

At 67 were Glenn Teal of Jacksonville, Fla., and Jerry Kesselring of Kitchener, Ont., two players far down the list of money winners. There were six at 68, seven at 69 and 13 at 70.

The 68 group included Pete Cooper of Jacksonville and Rudy Horvath of Windsor, Ont.

The 9 bracket included Jimmy Clark of Huntington Beach, Calif., the 1952 Fort Wayne winner. Art Wall Jr. of Pocono Manor, Pa., the defending champion, had 70.

Youth, 17, Admits Slaying Ohio Girl

TOLEDO, Ohio (AP) — A gaunt 17-year-old youth has admitted he stabbed Mary Jolene Friess, the attractive auburn-haired high school girl whose nearly nude body was found in a lonely woods near here last Thursday, Lucas County police said today.

Her face slashed and her body battered, the 17-year-old coed was discovered after she failed to return home from a trip to her rural mailbox.

She had been dragged from her bicycle. Her pink blouse and blue denim shorts were torn and doctors said she had been assaulted.

Detective Capt. Alfred Bartcowiak of the sheriff's office said the youth, Bernard Schreiber, admitted the crime and implicated a 12-year-old companion, who was brought in for questioning today.

Hastily-Passed Anti-Red Law Poses Problem For Attorneys

By JAMES MARLOW

WASHINGTON (AP) — Congress acted in haste when both houses yesterday passed a bill to deny the Communist party legal privileges and force its members to register with the government. The bill goes now to President Eisenhower to be signed into law.

Because it was whipped together so fast, government lawyers, who will have the task of making it work if the President signs, must think it through to determine exactly what it means and how they shall proceed under it. They cannot say precisely now.

In the preamble to this legislation Congress declares the Communist party is part of a conspiracy to overthrow the government by force and therefore "should be outlawed." Nowhere else does Congress say the party is outlawed or that it must cease to exist.

"Deprive Of Protection"

In the dictionary meaning of outlaw — "to deprive of the benefit and protection of law" — the Communist party is outlawed, at least in so far as federal laws are involved. The legislation says the Communist party or its successors under any other name are not entitled to "any of the rights, privileges and immunities attendant upon local bodies. . ."

But what rights, privileges and immunities does the party lose? No one available would attempt to give a complete list.

Under this bill the party could not put candidates on the ballot in any federal election. And the party could not make contracts where federal laws were involved or sue in federal courts. That much seems clear.

What is less clear is what rights, privileges or immunities it might have under state laws. One lawyer, who followed this legislation closely, said that while Congress could keep the Communist party candidates off federal ballots it could not tell states what parties could appear on their state election ballots.

Win Fight Measure

It seems a safe bet the party will fight this legislation all the way up to the Supreme Court, or try to, on the grounds it is unconstitutional. But if the party loses there and folds and later reappears under another name, will the government have to go through another long court fight to prove it's the same old Communist party? That can't be said now.

The party may have to fold anyway before it ever gets up to the Supreme Court on this legislation of yesterday because, before then, another law, already on the books, the McCarran Internal Security Act of 1950, may have proved effective in smashing the party.

So there is plenty of machinery for hampering and hamstringing the party, at least until the Supreme Court speaks. But just what this legislation can do to help the government in dealing with individual Communists is not clear at all. It's doubtful that it adds much.

Membership Not Crime

Yesterday's legislation does not make it a crime to be a Communist — unless a member of the party knows its purpose is overthrow of the government. In bringing a Communist to trial under this legislation the government, therefore, would have to prove he knew the party's purpose.

But there is a law already on the books — the Smith Act, passed in 1940 — under which the government can prosecute Communists if it can prove they knew the purpose of their organization was forcible overthrow. The government already has started such action under the Smith Act. But the new legislation, because of certain language it uses, may mess up the government's use of the Smith Act.

Charge Chinese Reds Hold 15 Yank Airmen

WASHINGTON (AP)—The United States has formally charged the Chinese Communists are holding 15 American airmen as "political prisoners."

A Defense Department statement said the Chinese Communists admitted at the recent conference at Geneva the men are alive and that this has been verified by Americans, former prisoners of war, who have been exchanged since the armistice in Korea.

The Pentagon announcement said also that the Communists have been asked to account for a total of 526 Americans "who are either in Communist hands or concerning whose fate the Communists have knowledge" as indicated in an announcement by the Far East command in Korea on Tuesday.

Await Funds For Million Dollar Flood Control Work In Central Pennsylvania

HARRISBURG (AP) — Only one step remained today before a 25 million dollar federal flood control program can get under way in central Pennsylvania.

The program was approved Wednesday by Congress but specific appropriation of funds is necessary before work can be started on the project along the West Branch of the Susquehanna River.

Since Congress now is working toward adjournment for the summer, indications were that the money won't be voted until next year.

The program calls for construction of dams.

Meanwhile, Samuel S. Lewis, state secretary of forests and waters, said:

Reduce Floods Danger

"These dams are designed to handle a volume of water greater than any that has ever been measured on the Susquehanna River. They will reduce the danger of floods, such as the serious 1936 flood, to a tremendous degree and probably will eliminate the danger entirely."

Final action was taken in the House at Washington in approving a 25 million dollar authorization for three large dams on the Susquehanna to cost ultimately $62,520,000. House passage sent the Senate-approved measure to President Eisenhower.

The dams authorized and their estimated ultimate cost are at Curwensville, $24,230,000; on Kettle Creek, $15,400,000 and on Bald Eagle Creek at Blanchard, $22,890,000.

In addition, the state through the General State Authority, now is building a 9 million dollar dam on the First Fork of Sinnemahoning Creek in Cameron County, making four dams along the West Branch.

U.S. To Furnish Funds

Lewis said that if the federal government undertakes the three other dams, they will be financed entirely by federal funds but that the State Forests and Waters Department will contribute technical aid and advice.

Lewis qualified his comment on the flood elimination prospect of the dam construction with the observation that "you can't predict what nature will do."

Harry G. Ganoe, Clearfield, executive secretary of the Susquehanna River System Flood Control Assn., said the entire Susquehanna basin flood control program embraces 42 per cent of Pennsylvania, covering the area from Sayre-Athens in the north, to York in the south, Wilkes-Barre in the east and Clearfield in the west. The dams authorized are a part of the entire program.

"The association," Ganoe commented, "is very happy after 18 years of continuous work to see the project brought to a conclusion. This isn't the entire victory though, since now we must get the money. This is approval of the 'West Branch Report.'

"Flood Proof Harrisburg"

"The ultimate objective is to floodproof Harrisburg. This must be done by putting dams on the various tributaries and shut off each branch. The four dams now approved will protect Renovo, Lock Haven, Jersey Shore, Avis, Williamsport, Milton, Muncy and Montgomery — all of which have had serious floods in the past."

In addition, he added, it will be a tremendous help to the entire industrial outlook of the regional as well as to the recreational facilities.

The bill was approved by the house without debate. Army engineers, who formulated the entire flood control plan, will decide which dam is to be built first.

The bill includes authorization for preliminary examinations and surveys for possible flood control work on the Juniata River at Lewistown, Everett, Huntingdon, Mount Union and Smithfield Twps.

The West Branch portion of the entire Susquehanna basin project is only one of five parts. Other sub watersheds in the basin are the North Branch, Lackawanna, Juniata and Codoras.

CONGRESS NEAR END OF SESSION

WASHINGTON (AP) — An election-bound Congress, now verging on adjournment, overshot the mark set by President Eisenhower for anti-Red legislation by voting to strip the Communist party of legal rights.

However, two of the principal measures he asked for dealing with subversives had not been passed. They were:

1. A bill to permit the government to use evidence obtained by wire tapping in the prosecution of national security cases. This passed the House but bogged down in the Senate Judiciary Committee.

Pigeonholed In House

2. A bill to let the government bar from defense plants in times of emergency persons whom it had reasonable ground to believe might engage in espionage, sabotage or other subversion. It passed the Senate but got pigeonholed by the House Judiciary Committee.

A compromise bill to deny the Communist party legal privileges and force its members to register with the government passed yesterday.

The bill had not been asked by the President or Atty. Gen. Brownell, but apparently the administration was willing to accept it after it had been shorn of a Democratic-sponsored provision imposing heavy penalties on Communist party members.

The bill also strips Communist-infiltrated labor unions of any legal rights before the National Labor Relations Board.

In its final form, it passed the Senate 79-0 and the House 265-2.

EAGLES WOMEN HOLD MEETING

Members of the Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226, met for their semi-monthly session on Wednesday evening at the FOE Home, W. King St.

The unit voted to sell Christmas cards again this year as a means of increasing the treasury funds. An invitation to attend a white elephant party, for the Ladies' Auxiliary to the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, to be held on Thursday, September 16, at the VFW Home, was accepted.

The president, Mrs. Ruth Crouse, will represent the unit at a meeting on Monday evening of those interested in joining the Women's Bowling League. The Auxiliary will enter a team in the league again this year; members desiring to do so may attend the meeting with the president. The guess package, contributed by Mrs. Edna Olinger, was received by Mrs. Ruth Crouse. A special award, the evening's jackpot, went to Mrs. Florence Sheely. Refreshments were served by Mrs. Mildred Smith and Mrs. Helen Weaver. Hostesses for the next meeting on Wednesday, September 1, will be Mrs. Clara Jacoby and Mrs. Mabel Rittase.

The names of Margaret Baker, a member, and Robert Reck, a guest, were unintentionally omitted from the group of those who enjoyed a moonlight cruise at Tolchester on Friday night, arranged by the Eagles Ladies' Auxiliary.

If you want to barbecue turkey on your outdoor grill, choose a four-to-five-pound bird and have it split. Brush the turkey when it first goes on the grill with melted butter or margarine, then use your favotire barbecue sauce for successive brushings. The turkey halves will need about an hour over a glowing charcoal grill.

DOZEN ENTERING BEAUTY CONTEST

More than a dozen entrants have signified their intention of participating in the Beauty Contest to be held on Thursday, August 26, in connection with the annual Kingsdale Firemen's Carnival.

The deadline for registering as a contestant is Monday, when the carnival officially opens for the week.

The winner of the contest will be crowned Miss Adams County Firemen of 1954.

In addition to the first prize of $75 cash, there will be gifts for the beauty queen from Marshman's Rexall Store, Higinbotham's Jeweler, Bankert's Restaurant, Marvin's Cut-Rate Store, the Towne Theatre and Roy's Beauty Shop, of town; the Gloria Shop, the May-Pearl Shop, the Leader Store and Lobell's, Hanover.

The winner will also be interviewed on radio station WGET on Friday morning, August 27, on the Glamour Kitchen program.

FAMILY NIGHT IS HELD BY LIONS

A Family Night meeting of the Littlestown Lions Club was held Thursday evening, when approximately 90 were present for the fried chicken dinner served in the church grove auditorium, near Christ Reformed Church. The rain storm curtailed the outdoor games which were planned for the children.

A director's meeting followed the meal, when it was voted to pay $17.50 for a pair of glasses for a needy child in the community. A report on the results of the Old Timers Baseball game, sponsored by the club for the benefit of the community ambulance fund, revealed that the net proceeds totaled $277. It was decided to contribute an addition $23 from the club treasury and a check for $300 will be given to the ambulance fund.

The meeting on Thursday was arranged by the Constitution and By-Laws Committee, consisting of Dr. Samuel L. Bucke, John R. Bloom and L. Robert Crouse.

The next meeting on Thursday, September 2, will be in charge of the Convention Committee, which includes Erwin A. Rebert and John W. LeGore, and there will be reports of both the state and national conventions. The September 2 meeting will be held at 7 p.m. in the social hall of St. John's Lutheran Church.

Explorers Plan Weekend Camp-Out

The Scouts of Explorer Post No. 84 are conducting an advancement camp-out today through Sunday near Bart's Church, about three and one-half miles southeast of town, a new site for the post's camping activities.

Members will meet at the post office this evening at 6:30 o'clock, when transportation will be provided to the camp site. Sunday morning transportation will also be provided for those members desiring to attend church services in town. Sunday School will be conducted at the camp by George Schowalter, student supply pastor at St. James' and St. Luke's Reformed Churches. Parents are invited to visit the camp.

The United Nations Children's Fund estimates that two-thirds of the "900 million children in the world do not have adequate food, clothing, shelter, sanitation or medical protection.

Board Of Review Is Held For Scouts

A board of review was conducted at the Wednesday evening meeting of Boy Scout Troop No. 84, held in the Scout headquarters at the State Bank building. Charles E. Ritter, president of the Boy Scout Troop Commttee, and Luther D. Snyser, troop committeeman, comprised the the board. Those who passed their advancements for second class scouts were Dean Reynolds, Gordon Eckenrode and Clay Rebert. A merit badge was awarded to John Reynolds.

Troop No. 84 will not meet next week. The next meeting will be held Wednesday, September 1, 7:30 p.m., at the bank. A court of honor is being planned for sometime in September.

MANY OPPOSE HEALTH UNITS

STATE COLLEGE, Pa. (AP)—A Philadelphia physician says that some doctors are still working against the establishment of local health units.

Dr. Pacal F. Lucchesi, medical director of the Albert Einstein Medical Center, said yesterday "some physicians are important enough to convince politicans we are not moving in the right direction."

Addressing some 1,200 public health workers attending the closing session of the third annual health conference here, Dr. Lucchesi said:

To those of you who are new in our work you must be cautious about your attitude and what you say in promoting local health units.

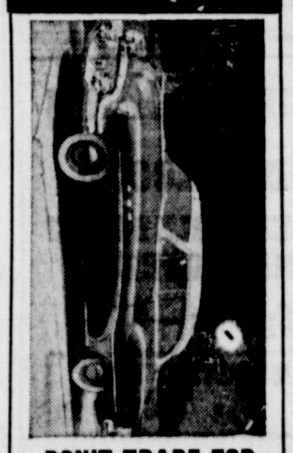

"Move with caution, tolerance, understanding and patience in your attitude about public health departments."

At an annual dinner meeting held in conjunction with the conference, Fred W. Fairlie Jr., Graterford, was named president of the Pennsylvania Assn. of Sanatarians. Other officers are: Ted Densham, Clearfield, vice president; John McGovern, Beaver, secretary; and Lee Foust, York, treasurer.

GOVERNMENT AID VITAL TO MINES FENTON WARNS

WASHINGTON (AP)—Rep. Fenton (R—Pa.) told presidential assistant Sherman Adams in a letter made public today that 17 million dollars would be an "insignificant amount" for the government to spend to help the hard coal regions of Pennsylvania.

Fenton's reference was to a bill he has introduced which would authorize spending 17 million to help combat the anthracite area's underground water problem.

Fenton previously told Undersecretary of Commerce Walter Williams he considers the serious economic plight of the hard coal regions as much of an emergency as a drought or a flood. Federal assistance in building dikes and other facilities to prevent water from entering mines, he said, "is to my mind the No. 1 proposal to help the anthracite industry."

Letter To Williams

Fenton, who enclosed a copy of his letter to Williams, told Adams:

"It certainly would seem to any unbiased person that 17 million dollars is an insignificant amount for the federal government (to spend) to come to the immediate assistance in rehabilitating over a million people in an area which is in economic chaos because one of the nation's most valuable natural resources is going into complete decay because of adverse conditions which are completely beyond the control of the industry and the local citizens."

Closed mines must be kept free of water, he said, in order to make possible future mining in event of war or emergency, and added:

"I implore you and your associates working with the President to take immediate action to rectify this unfortunate situation which is not only costly to our economic security but might be the means of life and death if we should become involved in an emergency that would terminate the sources of some of our present petroleum supplies."

Emphasizing the need for federal assistance, Fenton said:

"There are practically a million people affected, as you know, in the anthracite producing regions of Pennsylvania and most certainly such an enormous number of our citizens cannot leave their homes and property to migrate to another section of the country for employment."

INDIANS GOT SCALPED

CLEVELAND (AP)—The Cleveland Indians lost two ball games and thousands of customers in a series with the Yankees. The Tribe's front office expected at least 60,000 at Municipal Stadium for the Sunday game since they had an advance sale of 40,000. But the Yanks won the first two contests and 47,782 came for the finale. The Indians won the game 4-3.

EVERYBODY PROFITS from profit. Here's how. Fifty years ago a good many men were going into the business of making automobiles—in the hope of making a profit.

Some of these men lost their investment, others made money. A few were very successful and they plowed back most of the profits into the business. Today the companies these men founded and nursed along provide more than 8 million highly-paid jobs—and automobiles for 45 million families.

Look at it another way. Forty years ago a good workman made about $1.85 a day. Today the fellow with a comparable job makes $12 or more a day.

Back in 1910-1915 money invested in production machines averaged out to about $3500 per employee. Today the average employee has a "kit of tools" worth about $12,000. These better tools were made possible largely by the profits that were plowed back into the business.

Profit is not only important to owners. It's equally important to employees and customers. Progress depends on profit.

A family's progress, too, depends to a large degree on its yearly "profit." Plan your family spending so that you can deposit part of every pay check in a bank account—here, we suggest.
